PROFILE

Dedicated and self-taught Full Stack Developer currently training at Dextra Academy, with a focus on both front-end and back-end development. Skilled in HTML, CSS, JavaScript, and Bootstrap, with foundational knowledge of server-side development. Passionate about building responsive, user-friendly interfaces and learning how to manage back-end logic and databases. Quick learner with strong problem-solving skills and a drive to grow in a professional development environment.

PROJECTS

Portfolio

- Created a personal portfolio using HTML and CSS to showcase skills, education, and projects. Focused on clean UI, usability.

Facebook Login Page Clone

- Developed a static clone of the Facebook login page using HTML, CSS, and Bootstrap. Designed with a mobile-first approach and styled to match the original layout.

Zotero Login Page Clone

- Built a clone of the Zotero login interface using HTML and CSS. Emphasized layout accuracy, modern design, and responsiveness across devices. Demonstrated attention to UI detail and form structure.
